

PHYSICAL THERAPIST ASSISTANT PROGRAM

APPLICATION INFORMATION FOR 2024 – 2025 ACADEMIC TERM

Application Deadline is October 1, 2024

This packet contains the instructions and forms required for application to the Physical Therapist Assistant (PTA) Program at Northeast Community College. We strongly encourage applicants to make an appointment with a PTA program advisor at which time the applicant and faculty will create an academic plan for program success.

An acceptance letter from Northeast Community College into the college does not mean an applicant has been accepted into the PTA Program. Completion and submission of the information in this packet does not automatically guarantee acceptance into the program.

Northeast Community College does not discriminate on the basis of race, color, gender, religion, national or ethnic origin, military veteran status, political affiliation, marital or family status, age, disability, sexual orientation, gender expression or identity in education programs, admissions policies, employment policies, financial aid or other College administered programs and activities.

PHYSICAL THERAPIST ASSISTANT

The Physical Therapist Assistant (PTA) program is designed to prepare qualified individuals for employment as entry-level physical therapist assistants. As a condition of admission to the College, students are subject to placement testing for general education courses. Students enroll through open admission as Physical Therapy Pre-Professional. The first semester consists of general education and prerequisite coursework. Students are required to earn a grade of "C" in each course, and a cumulative GPA of 2.5 or higher in order to meet the standards of the PTA Program. Interested applicants who wish to transfer into the College should see a PTA Program advisor for transcript evaluation. Science courses must have been completed within the past five years to be considered eligible for transfer. Students must complete an application packet as part of the competitive selection process. See "Special Admission Guidelines" for details.

Program graduates will be eligible to take the National Physical Therapy Examination (NPTE) for PTAs. Upon successful completion of the NPTE, the graduate will be eligible for employment as a PTA under the supervision of a licensed physical therapist.

PHYSICAL THERAPIST ASSISTANT

Physical therapist assistants help physical therapists provide care to patients. Under the direction and supervision of physical therapists, they treat patients through exercise, massage, gait and balance training, and other therapeutic interventions. Physical therapist assistants record patients' progress and report the results of each treatment to the physical therapist.

All states require physical therapist assistants to have an associate degree from an accredited physical therapist assistant program and to have successfully completed the National Physical Therapy Examination (NPTE) for PTAs.

This program has a selective admission process and will accept up to 24 of the top scoring applicants. Scores are based on the GPA in completed and in-progress prerequisite coursework; evaluations of a minimum of 16 hours of job-shadowing; a professional resume with cover letter; and for qualified individuals, a personal interview. The application process opens each year on April 1 and closes October 1. Please contact the PTA Program at 402-844-7325 for details on applying to the program.

Scholarships specific to this program include:

- Don Pfeil Scholarship
- Jacque Houska PTA Memorial
- Richard Chaffin Memorial
- Marvin Hall Memorial

PTA APPLICATION SCORING

The PTA program admits up to 24 students on a selective basis. There is no waiting list. To be considered for admission, applicants must complete and submit all application materials on or before October 1, 2024. All criteria are scored using the following point system with a possible total of 100 points.

Cumulative Grade Point Average (GPA)

in all completed and in-progress prerequisite courses Up to 50 points

An overall minimum of a 2.5 GPA in prerequisite courses is required. If prerequisite courses are in progress, mid-term grades will be used. Students must earn at least a “C” for courses to be considered. The GPA will be multiplied by a factor of 12.5 (GPA x 12.5) to calculate points.

Job Shadowing Hours Up to 20 points

Each applicant will be required to perform a minimum of 16 hours of job shadowing in at least two different settings. At least 8 of those hours will need to be in an inpatient setting, and at least 8 of those hours will need to be in a separate outpatient setting.

The applicant must print the Evaluation of Job Shadowing form and provide a form to the professional evaluator at each setting. If the applicant is scheduled on two separate dates, a form will need to be provided for each date even if the applicant is scheduled with the same evaluator. Scores will be based on the responses of the evaluators. Observations must be scheduled through Northern Nebraska Area Health Education Center (NNAHEC) after HIPAA Training and Certification is complete, which is outlined under the instructions for “Job Shadowing.”

Applicants who complete and submit all application materials early (prior to August 1, 2024) will be automatically eligible for the personal interview with the PTA Application Committee. Applicants who complete and submit all application materials after August 1 are still eligible for the personal interview based on their cumulative scores of the material received by the October 1 deadline. Application material received after the deadline will not be considered.

Professional resume and cover letter Up to 10 points

The resume and cover letter are scored based on format, spelling, grammar, and content per the rubrics published on Northeast’s website at <https://northeast.edu/Admissions/PTA-Admissions.aspx>.

Personal interview Up to 20 points

Interviews are only offered to applicants that score in the top of the application pool based on the accumulative scoring of their GPA, evaluations of job shadowing, cover letter, and resume at the conclusion of the application period. The number of interviews offered depends on the size of the applicant pool and typically include 30-35 applicants.

Applicants who complete and submit all application material early (prior to August 1, 2024) will also be awarded an interview spot. Applicants can confirm early application completion status by emailing PTA@northeast.edu.

Qualified applicants will be notified by email of their interview appointment. The interview scores are based on verbal and non-verbal communication skills, content of answers to questions, and overall professionalism per the rubric published on the website at <https://northeast.edu/Admissions/PTA-Admissions.aspx>.
