STEP BY STEP GUIDE For Students

We are here to make things as seamless as possible with a student guide to our internNE, Powered by Aksarben initiative.

The steps to starting your elevated internship with us are easy! The main 4 steps are signing up through Symplicity, creating a profile, applying for internships that match your skillsets, and looking at our events in Nebraska to stay connected. Make sure to also fill out “Experimental Learning” on Symplicity for grant purposes. For more information, check out internNEB.org/students/howitworks.
