## PRESIDENT'S MESSAGE

Dear friends,

It's all about workforce development. And Northeast Community College is here to fill the needs of employers across northeast and north-central Nebraska. Each year, the College Career Services Office surveys our previous years' graduates to learn how Northeast has prepared them to enter fields related to their workforce goals or transfer to higher levels of education.

This year's report confirms that 99% of the 812 graduates from the Class of 2022 are employed or continuing their education. Ninety percent of career and technical education graduates have found work related to their field of study, up from 88% the previous year. Approximately 90% of all graduates are employed in Nebraska; 52% in Northeast's 20-county service area.

I would like to give special thanks to our Director of Career Services Terri Heggemeyer and her assistant, Amy Koehler. They are so diligent in reaching out to Northeast graduates to compile the data to ensure accuracy for this report. This year 97% of graduates responded to the survey.

The 2022 Northeast Community College Graduate Report is yet another chapter in the successful story of our graduates finding employment and/or continuing their education. Year-after-year, they put their degrees to use not only for the betterment of themselves and their families, but for our communities, state and nation.

Thank you for your continued support of Northeast Community College!

Sincerely,  
Leah A. Barrett, Ed.D., MBA  
President

## DIRECTOR'S MESSAGE

Career Services is pleased to distribute the Northeast Community College Graduate Report. The connections made with graduates while obtaining career updates is a highlight of the Career Services Department.

Again, our graduates are sharing incredible stories with us. The 99% success rate of this graduating class is close to perfect. Our students are dedicated and work hard to achieve

their professional goals. The caring and supportive faculty and staff encourage students to learn, explore, and grow. This collaboration allows graduates to embark with a solid foundation in order to make an impact in their lives and communities.

Please review the report to see how our graduates are contributing to the workforce or gaining additional credentials through continued

education. The statistics are amazing! I think you will agree that the graduates' experience at Northeast was valuable.

Thank you for your interest in Northeast Community College.

Sincerely,  
Terri Heggemeyer

### NOTES:

- The graduates in the Not Found and Non-Seeking columns are not included in the percentage calculations.
- Wage information has been self-reported by graduates for their first job upon graduation in positions that are related to their program of study.
- In some programs, the low number of salaries reported for related positions were statistically insignificant and/or omitted due to confidentiality, so these fields are represented with a dash (-).
- The National Student Clearinghouse was used to assist in tracking graduates who continued their education.

# GRADUATE SUCCESS

The report reflects a 97-percent collection rate from the 2021-2022 graduates. Graduates are excited to share with Career Services their post-graduate status. The connections are made through personal conversations, classroom visits, phone calls, faculty updates, emails, mailings, texts, and social media within six months of graduation.

"Career Services works diligently in making connections with the graduates because we truly care about their future," says Terri Heggemeyer, Director of Career Services. "Knowing that graduates are reaching their goals ensures that the college is fulfilling its mission."

# REGIONAL IMPACT

Northeast not only contributes to the workforce through our skilled graduates and training programs, our regional economic impact is substantial to the northeast region of Nebraska. In a study conducted by Economic Modeling Specialists Intl. in 2022, it was found that Northeast contributed \$226.8 million to the regional economy through our graduates each year. This figure represents the higher earnings that students earned during the year, the increased output of the businesses that employed the students, and the multiplier effects that occurred as students and their employees spent money at other businesses. This added income is equivalent to supporting 3,200 jobs.

Northeast not only contributes to the workforce through its skilled graduates and training programs, its regional economic impact is substantial to the northeast region of Nebraska.
