We're excited to open our new veterinary technology clinic and classroom building this fall. The Vet Tech facility will open along with our farm operations building and large animal handling facility, commodity storage, small livestock shelter, and a feedlot and lagoon located north of the Chuck Pohlman Ag Complex.

At Northeast, students build upon Nebraska’s agricultural heritage while exploring and discovering new methods in agriculture, conservation, science, and technology to provide a globally competitive workforce and create a sustainable future. These students will take on roles as farmers and ranchers, engineers, conservationists, agronomists, animal scientists, and educators who impact and inspire others in Nebraska and beyond.

The Agriculture and Water Center of Excellence will serve as a nexus of opportunity for Nebraska farms, students, communities, and applied research projects at Northeast.
When it comes to your degree, we believe that you shouldn’t have to compromise quality for convenience or cost. Prices based on tuition for 30 credit hours per year at local representative institutions. These prices do not include fees, books, or room and board.

College students typically take 30 credit hours each school year. Tuition and fees x 30 credit hours = estimated cost + additional costs, such as housing and meal plans you may need.
