## Disclosure of Graduation/Completion and Transfer-out Rates to Prospective Athletes, Parents, and Other Required Parties

Northeast Community College  
Student Right-to-Know Act  
Graduation Rate Report

In accordance with the Higher Education Act of 1965, as amended, Northeast Community College is pleased to share with you the following information on the graduation and transfer-out rates of our Fall 2019 cohort of full-time, first-time, degree, diploma, or certificate seeking undergraduates and student athletes that received athletic financial aid.

During the fall semester of 2019, 887 first-time, full-time, certificate, diploma, or degree-seeking undergraduate students entered Northeast Community College. After 3 years (i.e., as of August 31, 2022), 51% of these students had graduated from our institution or completed their programs and 15% had transferred to other higher education institutions.

*While reviewing this information, please keep the following in mind:*

*All graduation rates are based upon three years of attendance which equates to 150% of the normal completion time of our longest program.*

# Family Educational Rights & Privacy Act (FERPA)

Northeast Community College complies with all federal, state, and local laws, which relate to student records including the Family Educational Rights and Privacy Act (FERPA) and pursuant regulations. Regardless of the student's age, rights under FERPA begin when a student enrolls at Northeast Community College.

The College Registrar through the Vice President of Student Services is responsible for maintaining and controlling all student education records. An individual who believes that the College has failed to comply with the requirements of FERPA may file a complaint with the:

**U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-8520**

Under the law, directory information may be released by the College without the student's consent. The following items are considered directory information: student's name, address, telephone number, email address, field of study, participation in officially recognized sports and activities, weight and height of athletic team members, terms enrolled, honors and awards received, degrees and awards, photographs, and the most recent previous institution attended by the student. If a student does not desire such directory information to be released, a request in writing must be filed in the Admissions and Registration Office.

Release of information other than directory information normally requires written permission from the student. The College may release non-directory information without consent in specific cases as outlined in College policies. Northeast maintains a record of all disclosures, and if a student so requests, a copy of the disclosure will be given to the student.

Northeast officials may release information without student's prior written consent to the following groups:

- Northeast Community College faculty and staff with a legitimate educational interest and needs to review an educational record in order to fulfill his or her professional responsibilities for the College.
- Person or company with whom the College has contracted as its agent to provide a service instead of using college employees or officials (such as an attorney, auditor, collection agent, verification agency such as the National Student Loan Clearinghouse).
- Specified officials for audit or evaluation purposes.
- Appropriate parties in connection with financial aid to a student.
- Organizations conducting certain studies on or on behalf of the school.
- Accrediting organizations.
- To comply with a judicial order or lawfully issued subpoena.
- Appropriate officials in cases of health and safety emergencies.
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Students have the right to inspect their educational records. The College will not withhold a student's record from a student who has properly requested information under the conditions described in College policies and presented valid identification. A student has the right to request an amendment of their record, obtain a hearing related to their record, or add a statement to their record. An individual who believes that he or she has been denied the right to view appropriate records may appeal the decision with the Vice President of Student Services through the student grievance procedure. This procedure does not apply to disputes about grades assigned by faculty. For information on the grade appeal policy and procedure, refer to the Student Handbook or College Catalog.

*For additional information regarding students' rights and freedoms, refer to the Student Code of Conduct section of the Student Handbook, available in the Student Services office. To obtain a complete copy of the College's policy governing educational records, contact the Vice President of Student Services.*

# Students' Right to Know Disclosure

## Fall 2019 Cohort (minus exclusions)

Northeast Community College provides each student with valuable information about the success of students who enter each fall term as a first-time, full-time, degree-seeking student.

Graduation rate is determined by tracking a fall cohort of students who begin their studies as first-time, full-time, degree-seeking students. These students are then tracked for 150% of the normal completion time for their degree, diploma, or certificate. For example, a student who is seeking a one-year diploma would have one and a half years to complete the diploma requirements. A student who is seeking a two-year degree would have three years to complete the degree requirements.

The tables below track the first-time, full-time students who entered Northeast Community College in the Fall 2019 term.

### Fall 2019 Cohort Graduated

	Fall 2019 Cohort	Exclusions	Graduates	Graduation Rate
Men	506	-0-	252	50%
Women	382	1	198	52%
Total	888	1	450	51%

### Transferred

	Fall 2019 Cohort	Exclusions	Transfer Out	Transfer Rate
Men	506	-0-	58	11%
Women	382	1	74	19%
Total	888	1	132	15%

*It is worth noting that many of the students who are in the original cohort do not show as completers because they have transferred to a two-year or four-year university or college. This was the goal of the student when they entered Northeast Community College. Though they are not considered a graduate, they did successfully complete their education goal at Northeast Community College.*

# Graduation and Transfer Rates by Gender, Race/Ethnicity, and Financial Aid

## Fall 2019 Cohort (minus exclusions)

<i>New in 2016 (Fall 2013 cohort) was IPEDS collecting the HEA (as amended) required graduation rate for Pell recipients and recipients of a subsidized Stafford Loan who did not receive a Pell Grant.</i>	<b>Number of Students Enrolled in Fall 2019 (revised cohort)</b>	<b>Percent of Students who Graduated Within 150 Percent of Normal Time</b>	<b>Percent of Students who Transferred Within 150 Percent of Normal Time</b>
