

A group of four diverse students are sitting around a table in a library, looking at a laptop and papers. The background is filled with bookshelves. A semi-transparent blue diagonal overlay is on the left side of the image.

# MAP TESTING

A personalized assessment test for students . . .

So . . . what does  
**MAP** mean?

- **M**easures
- **A**cademic
- **P**rogress

## Who should take the MAP test?

The Measures of Academic Progress (MAP) test is administered to all full-time students, part-time students enrolled in six or more credit hours, and transfer students who have not successfully completed a college-level mathematics or English course. Students who have satisfactorily completed English Composition and a college-level math course, or students who have received ACT/SAT scores within the past three years, may be exempt.

## When is the MAP test administered?

The MAP is administered on a daily basis. The last MAP test for the day will begin four hours before the Testing Center closes. Testing arrangements should be made in advance before starting your program/major.

### Contact Information to schedule a date and time to test:

- Call 402-844-7281 or 402-844-7708
- e-mail [testing@northeast.edu](mailto:testing@northeast.edu)
- Stop by the Testing Center in the College Welcome Center, Room 1252 or Room 1256

## Why MAP testing?

MAP is Northeast Community College's placement test and is one method to determine math and English course placement.

## Can I skip questions and finish them later?

The MAP test is computerized and self-adaptive, so you *must* answer a question to determine the difficulty level of the next question.

## Okay . . . is a calculator allowed?

A calculator is embedded in the testing program and is available when needed to help solve a problem.

## Is the MAP test timed?

No, the MAP test is not timed.

However, it *is* a challenging assessment, so please take your time and put in your best effort.

## Is it possible to fail the assessment?

The MAP is not a pass/fail test. The scores will identify students' strengths and needs, and will be used for initial placement in English and math courses. Students are permitted to take the MAP test twice a semester, and their scores will be good for three years.

## Are there study resources available?

# Which skill areas does MAP evaluate?

MAP evaluates skills in three areas: Reading, Language Arts, and Mathematics.

Each test subject may contain the following:

## Reading

- Word Meaning
- Literary Concepts
- Informational Concepts

## Language

- Mechanics
- Parts of Speech
- Usage
- Writing Process

## Mathematics

- Computation and Problem Solving
- Number Sense
- Geometry
- Measurement
- Data, Statistics, Probability
- Algebraic Concepts

# What should the student bring?

Each student must bring a current photo ID. A personal calculator is not permitted because one is embedded in the MAP program.

Acceptable forms of photo identification include:

- Current student ID
- Current driver's license
- State-approved ID
- Current state or federal ID card
- Current passport or passport card
- Tribal ID card
- Naturalization card

## How much does the MAP test cost?

The MAP is provided free of charge for high school students or those who have applied to Northeast Community College.

If students need to retake any portion of the MAP, Northeast Community College will charge a \$10 retake fee.

Students with disabilities who are required to take the MAP and plan on attending Northeast Community College may require reasonable accommodations (modifications, auxiliary aids, assistive technology).

To have equal access to programs and services offered, please contact the Director of Disability Services at (402) 844-7343. Documentation regarding a student's disability is required.

# Have any other questions?

Please contact:

**Northeast Testing Center**  
(402) 844-7281 or (402) 844-7708

**College Welcome Center**  
Room 1252 or Room 1256
